II. DIVERSITY OF STUDY.

Honors students must demonstrate an approach to intellectual development that integrates a diverse program of study by fulfilling one of the following requirements: A minor, a second major, a dual degree, successful completion of two upper-level courses from two different fields of specialization that are beyond your own primary field of study, or supplementing your primary major by completing three upper-level in the same field of study. For more information, please visit www.honors.vcu.edu or contact your honors advisor.
II. DIVERSITY OF STUDY, continued.
Please check the appropriate option:

2. ________________________________
3. ________________________________

III. GRADE POINT AVERAGE.
To graduate with University Honors, you must have at least a 3.5 cumulative GPA and 3.2 GPA in honors courses. When computing your GPA, there is no rounding. The number of quality points is divided by the number of credits attempted and the quotient must be greater than or equal to 3.5. Your GPA is calculated by factoring all courses attempted at VCU; the “repeated course option” does not apply. If a course is retaken, the two grades are averaged together.

☐ Final GPA in honors courses (3.2 minimum): _______.

☐ Final cumulative GPA (3.5 minimum): _______.

IV. THE DOSSIER.
To earn the distinction of graduating with University Honors, all honors students must present a dossier detailing how the honors community has influenced their education. The dossier is presented to the dean of the Honors College and the Honors Council during the penultimate semester of your academic work. For more information, visit www.honors.vcu.edu.
